Learning is a journey, not a destination, with blended learning with Sage Software.

At Sage Software, we're dedicated to providing you with a total learning experience, one that doesn't end when you've completed a course or mastered a subject. And when you, as a business partner, complete a training course, you'll find that you are better equipped with the product expertise you need to effectively advise your customers on the time and money-saving features and enhancements of Sage Software products. Our wide range of course topics and learning formats ensure that there's always an option for you, even as your learning preferences and skills evolve. No matter what your learning style or unique circumstance, you'll find plenty to choose from, and earn valuable CPE credits as you go! New schedules and topics are offered frequently. Check back monthly for the latest training offerings.

### Classroom Training

If you prefer live, traditional, focused instruction in a classroom environment, Classroom Training is an ideal learning option. These courses equip you with skills and know-how to take full advantage of your software's time and money-saving features and enhancements.

### Realtime Learning

Effectively capture the interactive element of classroom training over your Web browser with these online training courses. This is a great option if your time and budget don't permit you to attend the more rewarding classroom training environment.

### Anytime Learning

Easy to use, always accessible, and ready when you are, all you need is a computer, speakers and a high-speed Internet connection. Anytime Learning courses are ideal for review material and acquainting new-hires with basic processing skills.

### Sage MAS 90 and 200 Installation

Gain the skills needed to achieve a successful Sage MAS 90 and 200 implementation with critical technical information and installation procedures from an experienced trainer. Through in-depth lectures and hands-on lab exercises, you'll be able to install Sage MAS 90 and 200, access valuable planning tools on our Sage Online Support Web site, perform conversion procedures, and troubleshoot operating system and printing-related issues.

### Sage MAS 90 and 200 4.2 Partner Re-certification Class

Learn about the new enhancements including the new Business Insights Explorer module that will improve your customer's ability to provide better customer service, improved operations, and work more efficiently in Sage MAS 90 and 200. Sign up now to attend so you can spend more valuable time selling, servicing and upgrading your customers to Sage MAS 90 and 200 version 4.2. Hurry and register – you have until June 29th to attend for re-certification.

**Course Fee with Certification Test:** $295  
**Course Fee without Test:** $170

To purchase the course without a test, use promo code 90PWSC042 when logging on.
