

**SourceMedia publishes annual "Pacesetters" supplement ('Select' 100 resellers)**

SourceMedia, the publisher of *Accounting Technology*, *Accounting Today*, and *Practical Accountant*, has issued their annual list of their so-called technology "Pacesetters", their "Select 100," as chosen primarily by *Accounting Technology* Editor-in-Chief Bob Scott. This year's list is again dominated by Sage Software resellers. 52 out of 100 carry one or more Sage Software products/services—a variety of more than 20 different ones from our overall portfolio. Of the 52 Sage resellers chosen, more than half (33) are 'Sage Select' business partners.

As was the case in 2005, the 2006 Pacesetters were chosen as follows: "Pacesetters distinguish themselves through their performance. Factors that went into this selection include awards won by the organizations, leadership, industry reputation, sales per employee and growth. This selection does not attempt to rank the 100 firms chosen. No firm was chosen as No. 1, nor was one No. 100."

Sage business partners/consultants chosen are listed below in alphabetical order (as is the entire list of 100). This 'print-only' supplement is included in the December issues of *Accounting Technology* and *Practical Accountant*, and in the Nov. 27th-Dec. 10th issue of *Accounting Today*.

Here's a specific listing of the 52 Sage business partners/consultants who are included in the overall 2006 list, with Sage Select partners in **bold**, and those who were also chosen in 2005 (33 repeated as Pacesetters for 2006) asterisked:
